ABOUT US

Established in 1993 as a private limited company, LPIL - Lucky Plastic Industries (Pvt) Ltd. is the first to introduce plastic sheet extrusion and Rigid PVC sheet calendaring in Pakistan.

Over the period LPIL has transformed into the largest extrusion setup in Pakistan with five modern extrusion setups and a workforce exceeding 250 people.

Since its inception, the company has been engaged in the production and supply of various kinds of plastic sheets including Rigid PVC, GPPS, PP, ABS, HIPS, HDPE, Poly Carbonate and Polystyrene Foam Packaging. Foam packaging is also produced in Oxo-Biodegradable grade. PET and PP packaging are a new addition to the range.

The P-PAK brand brings this manufacturing strength to food service: foam trays, boxes, plates and cups, polypropylene take-away containers, clear glasses and lids, bakery and deli packaging, and disposable cutlery, all designed around health, hygiene and convenience.
